Washington, DC 20554
RE: MB Docket 04-233

To Whom It May Concern:

I have recently been made aware of a potential FCC ruling that would allow low power FM stations to take over frequencies used by FM translators that are heavily used by religious broadcasters for network broadcasts. These networks provide opportunity for millions of listeners to be blessed by religious programming and music at a fraction of the cost of that would be involved if each community had to fully fund all the operational costs of its own station.

My own community is served by the KLOVE network, which is based in Sacramento, CA. KLOVE sends a positive, uplifting message of hope and joy literally around the world. It also provides information about local community events in each of the cities it serves. KLOVE will not be heard in my area of the country if the network was no longer allowed to use its current FM translator frequencies. This would be a personal tragedy for my family and me because this programming is a constant source of encouragement, comfort, and strength. The personal faith of many members of our community is sustained because of the uplifting messages that are received daily through music and other programming of KLOVE. Many communities would be totally without religious radio if KLOVE were not on the air.

KLOVE serves the public interest because of its emphasis on clean, inspiring entertainment. Its programming can be enjoyed by all family members regardless of age. We need things like this that will promote family togetherness and health. A ruling that undercuts the ability of such programming to be heard in as many places as possible will have a negative impact on the well-being of the community.

I urge you to keep from making a ruling that will negatively affect such religious broadcasting networks.

Sincerely,

Gary Luft, Ph.D.

My husband and I would like to express our opinions that we are very much against "a la carte" cable programming and the impact it would have on our ability to receive desired Christian broadcasting channels. We agree with the Faith and Family Coalition's position on sending their letter to the FCC. This letter includes, but is not limited to the following: "Faith based and family-oriented broadcasts provide a vital public service by providing wholesome, inspirational and moral content with in a media marketplace sorely in need of such an alternative." Furthermore we agree with the Supreme Court decision "held in Turner Broadcasting System, Inc. vs. FCC that promoting the widespread dissemination of information from a multiplicity of sources is an important government interest, and a core First Amendment value."

Thank you for your support in this area.

Dear FCC,

Please, oh please don't take
our K-Love radio station away.
K-Love has been an inspiration to
my teenage children with their music
and to the local community. If K-Love
were taken away, the negative impact
would be disastrous. With K-Love,
a positive, Christian ministry is heard
by our family and has caused them
to want to listen to these positive
songs instead of the negative, foul
language, sexual music that is being
played on many other stations. You
would do a disservice to our family and
community and more by taking this uplifting
Christ-centered music away.

Sincerely,
Judy Morrison

To whom it may concern,
i am writing regarding the possible loss of FM
translators to the Low Power FM translators. i am
quite concerned due to the fact all of my favorite
radio stations have been and are FM. K-LOVE
is an awesome station that encourages people
to be the best they can be in every way. The
music and dialogue are all positive. i may have
a lot of negative things going on - as many, i dare say,
most folks do and i tune into K-LOVE and hear songs
and dialogue that remind me i am loved,
cared for, important and this won't last forever.
Another great point is that K-LOVE is nation wide
so i feel connected. i encourage you to listen
for yourself and feel the love. We all need it
in this world today.

P.S.
i catch K-LOVE
on 104.3, 96.9 or 102.3.

Thank you for your time.

Dear folks at Federal Communication Commissions,
DOCKET # 04-233 ORIGINAL

Hello. This is in regards to keeping
K-Love at high power FM. In reference "M B
Docket # 04-233."

As a resident and listener of
K-Love. I desire to hear music that is
uplifting, powerful, encouraging and positive.
And to hear how locally and nationally how
K-Love has helped others in their lives,
to help us get thru our day and evenings,
as we travel, go to work, school and in
our homes. It encourages to be better
people for our families, co-workers,
friends and others we meet.

K-Love is an inspiration to our
local and national communities. We appreciate
K-Love whole heartedly

Thank you for your time.

K-Love serves me by keeping God's Word in my mind, heart and soul. K-Love spreads the Word and I know that I can be saved as well.

I believe that it would be a Great Loss to the community of San Antonio, TX to lose K-Love because of the positive and encouraging influence of their music and their messages. I also believe that would mean the Devil and the evil HAS WON! I Don't want the Devil and the evil to win so I think THE FM TRANSLATOR SERVICE SHOULD BE LEFT ALONE! I believe that there are people who listen to K-Love Radio 24/7. K-Love plays music that gets God's Word out to the public. K-Love also brings people to God. So that is why I think keeping K-Love on the FM TRANSLATOR SERVICE IS A GOOD IDEA. If ya'll believe the way I do, you know that it would be wrong to displace K-Love! I pray that God will touch ya'll's hearts & minds. That God will show ya'll the right thing to do IN THIS CASE.

I pray that yall will make
the right decision and keep
K-Love on the air.

To Whom It May Concern,

It has ~~been~~ been brought to my attention that MB Docket No. 04-233 could effect the FM station, K-LOVE, that I listen to. It is my understanding that the FCC is proposing to expand (LPFM) ~~Low Power~~ FM service which would take priority over K-LOVE's current translator service.

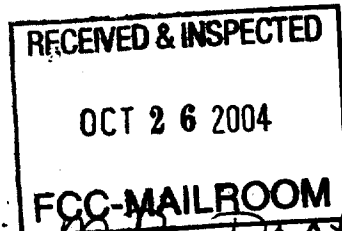

I am a financial supporter of K-LOVE because of its positive, uplifting and encouraging message.

The effect of displacing K-LOVE by an LPFM broadcaster would be devastating to our community as I represent thousands that regularly listen to K-LOVE. This is music all ages can listen to as it is a positive family-friendly station. It supports wholesome values something we need to hold onto for the sake of our country.

If KLOVE were displaced it would affect us greatly. There aren't any other stations we can receive that play music

in quite the way K-LOVE does.
There are so many secular
stations and very few Christian
stations. I and the people at
my church prefer the Christian
music over secular music any
day.

As for the general public this
station benefits them. For people
arriving & moving to Salt Lake
it provides a station that is an
alternative to what is offered
in the secular media. And
for the people we know, we can
share this station.

Basically, God is being cut
out of so many public arenas,
that it isn't fair to us
Christians to lose this station.
I urge you not to displace K-LOVE.
Sincerely, Janet Lablanc

In Regards to MB Docket NO. 04-233

To whom it may concern,

As full-time R.V.er's, K-LOVE FM radio stations are very important to us. As we travel, we are able to tune in to the same radio station in each local that we visit. Because of K-LOVE's wholesome programming, we never have to worry about having to search through dozen's of radio stations, trying to find one without objectionable language or morals. We can always be sure that K-LOVE will have the news and local events that we are interested in.

We ask that you do not replace FM K-LOVE with a LPFM station that may have questionable programming in any of the local markets. K-LOVE is a much-needed alternative to regular radio programming and is the only station our family listens to.

Thank you for your time,

Charles & Alice Sumner.

DOCKET FILE ORIGINAL

To Whom It May Concern:

I am writing to let you know that I appreciate the K-LOVE signal that comes to me via an FM translator. I listen to this station on a daily basis.

I am a nurse at the hospital in my community. My calm demeanor sometimes draws comments from a patient or the family of the patient. I attribute this calmness, in part, to the music to which I've listened. Frequently I recommend that they tune to the local frequency for the K-LOVE station. Some have come back to thank me for recommending this source of encouragement to them.

This station plays in our lounge for my area of the hospital. Co-workers have started tuning in at home and have talked about how refreshing it is to hear their children (usually teens) singing an upbeat Christian tune rather than one of doom and gloom.

Please leave FM translators as they are. Do not take away the source of encouragement available to us over the air waves.

Sincerely,

A handwritten signature in cursive script that reads "Pat Williams".

To Whom It May Concern:

I am writing to let you know that I like the K-LOVE signal that comes to me via an FM translator. I listen to this station as I travel to and from work.

I am a Headstart teacher and of course am not allowed to speak of Christian matters. However, I hope that my actions display what I've listened to throughout my non-working hours. They say "You are what you eat" and I believe "You are what you listen to". In this case, that means I would be positive and encouraging as I deal with the kids.

I know many people both inside and outside of church who listen to K-LOVE on an FM translator. For some of them, this is the only time they hear THE TRUTH. It gets them questioning and thinking about a way life can be better than it is. They are filled with hope rather than the despair portrayed in music that has no family values associated with it.

Our country is so concerned with violence and the negative effects music has on our children, I believe it would be a tragedy to replace positive, encouraging music with the trash that comes across many radio stations. There is no need to worry about what a child may hear.

I beg you to leave FM translators as they are. Do not take away the music that uplifts and gives hope to many.

Sincerely,

Stephanie Williams

DOCKET FILE 0001 ORIGINAL

Ref: MB Docket No. 04-233

To Whom It May Concern:

I have been informed of a very important issue! You have introduced a new broadcast service known as Low Power FM (LPFM), and expanding this service in a way that would allow them to take priority over current FM services. Many advocates of LPFM feel that there is little value in national or regional services such as K-LOVE on these FM translators.

If you follow through with this, the K-LOVE signal, in many areas, serving hundreds of thousands of listeners, could be replaced by an LPFM which may not have the same family-friendly programming that we (K-LOVE) listeners have come to enjoy. K-LOVE supports wholesome values and has a positive and encouraging impact on communities all across America! Please listen to us, and preserve this valuable service.

This service provided by K-LOVE is in the best interest of the public. This is all we listen to in our cars and homes. It is playing in many businesses that we enter into. It offers uplifting and encouraging Christian music and words from God throughout a possibly dismal day in or out in the world. When feeling down, all we have to do is turn K-LOVE on, and it lifts us up immediately, reminding us of God's unfailing love and protection for us. We do not have to worry about what our children might hear on the airwaves when listening to the family-friendly K-LOVE station! Please don't take this little bit of goodness away from our daily lives!

In my area, K-LOVE is heard on FM 88.1, 88.9, and 88.7

Thank-you for your valuable time and consideration on this very important matter!

DOCKET FILE COPY ORIGINAL

FCC regarding " MB docket no. 04-233 ",

In the small rural community in which I reside I depend on programs such as **K-LOVE** for the mental, emotional and spiritual support that encourages Me to be a better person, may I even say a better citizen. I certainly do not get the same wholesome message from today's secular programming. This source of maturity and decency would be gone resulting in a moral vacuum. For these and many other reasons I urge You to allow F.M. translator driven programming to continue.

With all of the sewer filth flowing through the airways and the visual trash found on television, video games, movies, etc., I believe **K-LOVE** and other national programming of its kind to be irreplaceable and depend on national formats as well as local venues to maintain a sense of decency and morality. I urge You to please leave the F.M. Translator format as is for all of us who want and financially support this type of program.

Why must we choose one or the other. Why not have both for any citizen to choose from as they desire. There is certainly enough market and enough airway space for all people to utilize and the citizens can support any one they wish.

I fully intend to support those in Government that reflect My personal beliefs and to do My best to vote out points of view which I find inconsistent with My faith. If the Government and the airways are for all people equally as a national treasure or resource to be administered by folks like You, then I urge You to represent all Americans, including those of us who depend on national format translator driven F.M. radio programming such as **K-LOVE** radio.

Please contact Me if I may possibly help in this matter and please except My gratitude for Your kindness and consideration.

RE: MB Docket No. 04-233

To Whom It May Concern:

This is written in response to your proposed expansion of Low Power FM. I understand that the expansion of Low Power FM would allow new LPFM stations to take priority over the current FM translator service. This is most distressing considering that the ONLY station that my immediate family, extended family, and church friends listen to is K-LOVE, which is found on an FM translator.

First of all, K-LOVE has had a profound effect on me in terms of the constant message of altruism, encouragement, positive thinking, and constructive outlook towards our local community and nation as a whole. With the onslaught of negativism, hatred, and filth that attacks us from every media source, it is truly beyond my comprehension why the FCC would consider driving out a powerful entity that combats all of this.

Additionally, although hundreds of thousands of people across the country listen to K-LOVE, it remains very committed to the *local* communities. I am able to learn about local activities which promote altruism such as food drives, benefit concerts, and building/housing programs. The announcements about large scale concerts in the area prompt tens of thousands of people to attend such events, pumping thousands upon thousands of dollars into the local economy.

If K-LOVE were displaced by an LPFM broadcaster, I can only imagine the onslaught of outrage that would literally bombard the FCC. Hundreds of thousands of us turn to K-LOVE for an avenue to worship and praise our God with other Christians in our own neighborhoods and across the country. For those who would dismiss a "Christian radio station," they cannot deny that Christian music has sold more labels than any other type of music in the past few years. The positive, constructive, invigorating message is out there because of K-LOVE.

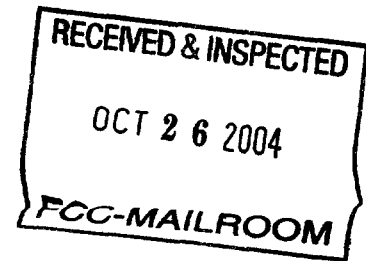

I beg of you not to sacrifice steadfast principles for perceived progress. Thank you.

Sincerely,

Nanette Vander Kooi

RE: MB Docket No. 04-233

To Whom It May Concern:

I am writing regarding your new broadcast service known as LPFM. I am an everyday listener and supporter of K-LOVE which I can hear locally on 89.9, 96.3 and 104.3 in the Lexington, Kentucky area. I have for years tried to find a good quality radio station that played contemporary Christian music, was family friendly and supported values that I hold. I have found that locally in the K-LOVE stations that I listen to. I know others in my community that listen and support K-LOVE as well and we all would be extremely disappointed if it were displaced by an LPFM broadcaster that provided other programming.

In this day and age, when we are bombarded with inappropriate programming almost everywhere, it is important for families to be able to offer their children good, safe programming that supports and upholds family values and morals that this great country of ours was founded on. I firmly believe K-LOVE provides this in many communities all across American and I firmly believe this programming makes a difference everyday in someone's life.

I appreciate your consideration of my comments and hope you see as I do the importance of such programming that positively influences the lives of so many.

RE: MB Docket No. 04-233

Dear Sirs:

I am an avid listener of K-LOVE radio in Danville, Virginia. It provides me with positive and uplifting music and commentaries. When I am down and lonely, I can turn on K-LOVE and hear a song or comment that immediately lifts my mood and spirit. I feel I have a connection with the hosts of the show. I know my children and grandchildren will hear only positive messages and music and I do not have to worry about their young ears being contaminated by some of the song lyrics that are played over the mainstream stations. Other families in our community can also take advantage of the music and messages.

Please don't take K-LOVE off our local programming. I will not listen to the mainstream stations, I will use my cd's or tapes instead, but I do enjoy having K-LOVE for news and variety.

Thank you.

In reference to "MB Docket No. 04-233"

To Whom it may concern,

K-Love cannot be forced off the air because of your LPFM expansion proposal. This station provides my community with much needed, positive encouragement.

I'm 23 years old and I live in Longmont, CO where K-Love is heard on 91.1. This is one of the incredibly few, stations that I can listen to with my family safely. I know that no matter when I turn K-Love on, there will never be any negative music or broadcasting. I listen to K-Love daily and their messages always lift me up and help me get through each day whether good or bad. I believe that K-Love has helped many people, in my community and others, through the most trying of times and simply through the every day stresses of life.

If K-Love were to be displaced by an LPFM broadcaster service a negative effect would take place in my community. We need a station that provides safety, encouragement, family values while at the

time plays great music! k-love is that station!! k-Love provides many resources for people in need of many different things. They provide prayer + support. All that will be taken away if the FCC follows through with this proposal.

For all that k-Love does for me, my family, my friends and my community I cannot bare the thought that my signal may be lost to your proposal. k-Love is in the public's interest because k-Love supports us and we support k-Love. I'm tired of seeing + hearing the filth that pollutes the TV + airwaves. It is not right that the family friendly programming that k-Love provides is in danger by the proposed rule changes of LPFM.

The values of the world are diminishing + people my age and younger are in even more need of k-Love Radio. Please, do not let LPFM take priority over my communities k-Love signal.

Thank you for hearing me out +
God Bless!

I'm a grandmother and have my grandchildren around quite often. I don't have to worry about what they will hear as I do with so many other stations -

not to mention how awful
T.V. is getting for viewing.

To have a relaxing,
safe place to be able
to listen and hear each
of us is loved is important
to all of us.

Please don't let K-lous

removed.

North Wick
and family
